

MARLEY 67th ANNUAL PICNIC JULY 5th

MINOOKA INVITES MOKENA FRIENDS TO ATTEND DR. J. J. CODY HONORS

A good many residents of this territory will recall when Dr. J. J. Cody was the physician and surgeon here. Dr. Cody, who will be 74 on July 3, opened his office and began his practice in Mokena when he was graduated from the Physician and Surgeon college in Chicago in 1908. It was also in that year that he married one of Mokena's lovely young ladies, Miss Mildred Brinkerhoff. They continued to live in Mokena until 1912 when a more lucrative and larger field opened to him. It was then they moved to Minooka where they have lived since and where Dr. Cody continued his practice until this year when Dr. G. Duran took over the work and Dr. Cody retired, earning a well deserved rest after 40 years of faithful service.

In honor of that service and also of the 74th birthday of this well known servant of their town, the residents of Minooka are planning a surprise birthday picnic, to be held in the McKinley Woods State park, on route 6, on Saturday afternoon July 3. The affair will start at three o'clock with the picnic dinner being served at 5. In case of rain, the affair will be held in the Masonic hall in Minooka.

Minooka friends are herewith extending a most cordial invitation to all Mo-

kena territory residents to attend the picnic. Each to bring their own lunch which will be served with other lunches in a true picnic style.

For those from here who would like to attend, by calling Mrs. Ona McGovney, Mokena 2771 more details can be given, and it can then also be known who and how many will go from here. It is the thought of Dr. Cody's friends here to join in presenting him a gift as token of friendship, and Mrs. McGovney has consented to receive all monies toward this gift.

The Codys have three children, Marjorie, Mrs. Charlene Erickson of Joliet and John. Their first child, Jay, born in Mokena in 1910 passed away in 1924.

To get to the McKinley woods, take route 6 out of Joliet to Channahon, there taking old route 6, cross two bridges and when at the top of a hill the big sign of McKinley Woods can be easily seen, and follow the road at that point to the park.

For those who can go and who will drive their car to the picnic from this territory, meet at the Rock Island depot grounds at one o'clock July 3, leaving Mokena at 1:30. There will be room in cars for those who do not have a means of transportation.

BASEBALL

Orland Park "A's" sponsored by Raschke's Bar-B-Q lost a tough game to the Worth A.C. with a score of 6 to 5. Orland Park "A's" out hitted Worth with 11 hits to 7 with extra bases but could not push the runs in when they were needed.

Bill Reif started the game on the mound for Orland Park "A's" but had to be taken out after he stopped a line drive to the pitcher with his bare hand in the 2d inning and split it between the second and third finger because he was wearing a ring.

Emil Bormet got into the game and showed some very good form for he had not pitched a ball game for the past three years. It sure looked good to see Emil out there pushing that ball past them hard hitters on the Worth team. After the game Emil said he felt a little stiff but figured he could go another 5 or 6 innings. He said his arm sure felt good and we hope he can be on the mound every game for us.

The Swanson twins Dale and Ralph playing short stop and 2d base pulled off some sweet double plays. The hard hitting on Orland Park "A's" was done by Swede Utbe, Zeibel and the Swanson twins. Dale Swanson poled out a home run with a man on base in the last of the ninth to almost tie up the score.

Next Sunday, June 27, Orland Park "A's" will play Evergreen Park team at Evergreen Park. Coach Ray Ludwig figured he will win a lot of ball games with his hard hitters and pitching staff.

Our Flag

By ELIZABETH BUSH

Our flag,
Yours and mine, and every man's,
North, south, east and west,
The flag of all Americans.

Our flag,
The stars and stripes, red, white and blue.
It stands for each, it stands for all
Americans, the tried and true.

Our flag,
The emblem of our native land
Where liberty was born and freemen
Proudly take their stand.

Our flag,
To honor, to protect, uphold
Where'er it flies against the sky—
A nation's glory in each fold.

Our flag,
We pledge allegiance to you and
everything
For which you stand, Old Glory,
Star spangled banner, tis to thee we
sing.

SCHOOL BOARD SUES BOTTINO ON LAND EDICT

Believed to be one of the first suits of its type in the history of Illinois, court action was instituted Saturday by the Orland Park Community High school board against County Superintendent of Schools Louis F. Bottino and the Lockport Township High school board.

The Cook county body seeks to have four sections of land returned to the taxing jurisdiction of the Orland Park board in its appeal over the decision made by Bottino recently in disconnection of the land from the Orland Park school board.

Bottino ruled that it should be disconnected from Orland Park following submission of a petition which was signed by two-thirds of the voters in the last Lockport township school board election, and one half of the number of voters in the district affected, it was explained. This is re-

Town and Country Fashions

By VI VENNETTI

Wedding Season Ahead

With the wedding tunes and marches humming in our ears and the flashbacks of the recent bridal and going away fashion shows we have attended in the past few weeks, we seem to see the face and figure of our fair one in the leading role.

Our Juliet will be wearing the most tantalizing and most glamourizing gown and bridal wear that Papa can afford. But as the saying goes, "You only get married once."

We do not mean to give advice—

We only want to pass on the news and previews of the fashions as we see and attend many advance shows. First we want to pass on that famous old time jingle that we usually remember only part of, and that we ran across in the reporter's report to the fashion industry:

Married in white, you have chosen all right; Married in gray, you'll go far away; Married in black, you'll wish yourself back; Married in red, you'd better be dead; Married in green, ashamed to be seen; Married in blue, always be true; Married in pearl, you'll live in a whirl; Married in yellow, ashamed of the fellow; Married in brown, you'll live out of town.—Anon.

Every Lad and Lassie knows that in the wedding picture that the wedding always draws the ahs from the spectators and the eyes all turn to the stately eyed bride and then to the triumphant grin and swimming in a fog

VI VENNETTI

expression that the groom invariably wears along with his striped tie and tails.

This year's bride may wear anything from grandma's wedding gown to the 1948 "YOU ARE THE FASHION" styles that as the American Gal of today can be her self as never before.

Individuality is the keynote of the day.

White is always the favorite color for the June bride and we saw many satins, sleek and boufant, chiffons, draped full skirts, some high waisted to show off the tiny two-hands-around-the-waist type and the classic beautifully and lovingly draped crepe dress that is most flattering to most of the feminine population of these United States as we do love to be comfortable and of course, the crepe dress can be used many times as our best formal or dinner dress for those of us that have to watch that nasty old budget and don't we all.

Eyebled embroidery surely kept to the fore in both the bridal gown and the dress to be worn on the honeymoon trip, the Country Club, town or to the seashore, if you are that fortunate.

The girl meets boy dress or the well known going away suit that several blouses can be a complete wardrobe if they happen to be the right ones. We suggest one sheer pastel, the most flattering color to you, one simple and easily cared for you may have to swish it out enroute if you are covering a lot of ground on your trip, also take one of the printed jerseys that are a comfort and so smart and colorful.

HAVE YOU HEARD—Pink Blue and Violet are being very much in the new for both bridal dresses and going away costumes.

Male-tested fashions reveal a feeling for softened classics. Clothes are simple, not too highly styled but quite definitely individual. So—we suggest to the darling dress to please your man—after all he will be the most important one in your future and it will be worth the effort to see your reflection mirrored in his admiring glance.

LAST BUT NOT LEAST—Shock Treatment will work for you too, the feminine, fluffy gown covered with a peignoir robe or Empire style robe, Bemberg sheer gowns with point d'esprit lace insets; skirts are nine feet around; petticoats have 5 flounces of imported Chantilly lace, and sheer panties are trimmed with catchy French sayings and Chantilly borders.

JULY BRIDES JUST AROUND THE CORNER—Will be looking for the summer wardrobe of lingerie in white in both silks and cottons and don't forget too lovely pastel shades in sheers and crepe.

JULY BRIDES SHOWERS—Be sure to give your favorite bride a new mid-calf robe, a shortie or a full length robe. New and smart also is a famous Batiste-Egyptian with shirred bodice and eyelet trim. Chinese coolie pajamas in Vernay shantung are colorful and smart for summer lounging. Matching shantung and robe are travelwise and certainly most acceptable to the June bride.

All for this week—see you soon when we have more news from the fashion front.

STATE LIBRARY PURCHASES BOOKS RELATED TO SWEDISH CENTENNIAL

SPRINGFIELD—The Illinois State Library has recently purchased an outstanding selection of books on both ancient and modern Swedish culture, Secretary of State Edward J. Barrett, state librarian, has announced.

Text and illustrations in these volumes could be of assistance to groups and communities planning celebrations in connection with the Swedish Pioneer Centennial this month. Mr. Barrett said in calling particular attention to them.

The centennial celebration is already underway, having opened last Friday with a festival in the Chicago Stadium at which President Harry S. Truman was the principal speaker and Prince Bertil of Sweden was the guest of honor.

Prince Bertil and the royal party will visit Moline, Rock Island, Rockford, Waukegan, and the early Swedish settlements of Galva, Andover, and Bishop Hill during the month.

Especially interesting among the

new books, Secretary Barrett said, is a three-volume study of Swedish silversmithing and goldsmithing from 1520 to 1850. The books are generously illustrated with examples of Renaissance, baroque, and later types of work. While most of the text is in Swedish, there is a 20-page survey in English of the development of goldsmithing and silversmithing crafts by Carl Hermark.

Another volume is a history of Sweden in caricatures from the time of Gustav III to Gustav V, from the end of the 18th century to about 1940. C. Forsell's book, "One Year in Sweden," contains many prints showing old costumes, castles, and much information on the manners and customs of the people.

The city of Visby, on the island of Gotland, is the subject of another volume. Visby was a medieval city, still populated today, with the medieval and the modern cultures existing side by side. The book contains many water colors by Ferdinand Boberg and text by Erik Lundberg.

One of the buildings shown in the book on Visby is the residence of Hans Burmeister, a German merchant who took up residence in the city in the 17th century and built the timber structure. This building is the subject of another volume, by Gunnar Svahnstrom, in which great attention is given to details of the room decoration and living conditions of those times.

Another three-volume set shows

many Swedish churches from medieval times to the present. Other volumes show examples of medieval sculpture of heads and faces, done in both stone and wood, and examples of folk textile crafts.

Baby Likes Sun In Moderation

Baby enjoys basking in summer sun like everyone else.

Give your baby regular sun baths, but time the length of exposure, says Miss Nellie Perkins, professor of child development, University of Illinois college of agriculture. Start sun baths with periods of not more than 1-2 minutes. Gradually increase the time to 3 minutes, but never longer than this in direct sunlight, Miss Perkins says. Dress the baby in diapers and a thin shirt for sun baths.

Whenever you take an infant outdoors, face the buggy away from the sun. A baby's eyes are especially sensitive and need protection.

If your child is taking naps outdoors, even on hottest days have a light cover to spread over him after he's asleep. He needs some protection from chilling, though he'll probably object to a covering as long as he's awake. A large piece of cheesecloth or thin muslin can serve this purpose.

As a safety precaution, always brace the buggy wheels when you put a baby

outdoors. A youngster is active and likes to bounce around; he may start the buggy rolling unless it's anchored.

Children may suffer more than adults on extremely hot days, according to Miss Perkins. Sponge baby often with a damp cloth or sponge to make him more comfortable.
